SUBJECT INDEX

Accounting, cost, in refineries, 53
Acetylene:
  manufacture in Germany, 16
  use in Germany, 107
Aerial photography, vertical, 289
Agriculture, fuel oil in, 328
American Petroleum Institute, message from, 158
Anglo-Iranian Oil Co. refining activities, 234
Austria, petroleum supplies, 184

Barytes from the Empire, 178
Benzole-absorption plants, sludging and corrosion, 114
Bituminous sand separation, 283
Blue clay balls as oil indications, 214
Borneo, marine drilling, 356
British Petroleum Equipment News, 87
British Standards Yearbook, 92
Burners, fuel oil, 202

Canada, petroleum production, 102
Ceramic industry, fuel oil in, 327
Coal, gasification, 57
Council commentary, 11, 38, 118, 136, 200, 236, 274
Cuba, oil developments, 285

Dalley, Christopher, memorial to, 188
Damman, crude oil analysis, 123
Detergents, synthetic, 149
Dharan, a visit to, 340
Diesel engines:
  developments, 166
  fuels for, 328
  waste-heat recovery, 328
Diesel index calculation, 74
Diesel locomotives, 328
Distribution of petroleum, equipment for, 208
Domestic heating:
  D.S.I.R. calorimeter building, 235
  liquid fuels for, 326

East Indies:
  oil industry rehabilitation, 1
  oil production, 5
Ecuador air survey, 294
Educational courses, 268, 316
Egypt, wartime pipeline, 33
Europe, western, Middle East oil supply, 345

Films, use in petroleum industry, 103
France:
  Anglo-Iranian refining activity, 234
  oil for gas making, 329
Fuel oil:
  furnace, economical use, 170, 202, 244
  modern applications, 321
  properties, 171
Fuels:
  developments, 40, 162
  gas turbine, 44, 165
Furnaces, oil-fired, 244

Gas:
  from solid fuels, 57
  manufacture, oil for, 329
Gas turbines:
  fuels for, 44, 165
  land and marine, 327
Geophysical Abstracts, 46
Germany:
  acetylene production, 16
  acetylene use, 107
  coal gasification, 58
  petroleum production, 39
Glass industry, fuel oil in, 327
Grain drying, fuel oil for, 328
Graphite, colloidal, 332
Grass drying, petroleum for, 60, 328
Guy, William Robert, 262

Heating domestic:
  D.S.I.R. research, 235
  liquid fuels for, 326
Hop drying, fuel oil for, 328
Hydroforming, 278

Institute of Petroleum:
  Benevolent Fund, 215
  Council and officers, 144
  London Branch, 15, 97, 212, 360
  luncheon to Dr Tuemmler, 330
  Northern Branch, 179, 243
  overseas members liaison, 298
  petroleum geologists at Manson House, 299
  Redwood medallist entertained, 116
  Scottish Branch, 52, 60, 174, 369
  Sir Andrew Agnew entertained, 156
  South Wales Branch, 137, 207, 208, 349
  staff appointments, 273
  Stanlow Branch, 73, 173, 347, 366
  Trinidad Branch, 122, 185, 272
International Geological Congress, 301
Ipatiev, Vladimir N., 88
Iran:
  a visit to, 341
  crude oil analysis, 123
  petroleum production, 10, 221, 262
Iraq:
  a visit to, 337
  crude oil analysis, 123
  pipeline, 184
Italy, refining, 346

Kuwait:
  a visit to, 341
  crude oil analysis, 123

Lewis, R. I., retirement, 52
Locomotives:
  diesel, 328
  oil-burning, 75, 90
Lubricating oil:
  additives, 22
  developments in, 12, 40, 164
  engine performance, 306
Lubrication, engine, the law and, 76

Malting, fuel oil for, 328
Measurement, oil:
  accuracy in, 65
  Anglo-American co-operation, 129, 131, 229
Mechanized Farming, 343
Metal industries, fuel oil in, 326
Middle East:
  a visit to, 337
  British equipment for, 213
  crude oils, 123
  petroleum developments, 90
Motor vehicles, lubrication and the law, 76
Mozambique oil search, 273

Nickel, use in petroleum industry, 61
Nomograms, 257

Oil indications, 214
Oil industry, integration of, 225
Oil shale, fluid solid treatment, 372
Oil well, first, 208

Palestine:
  a visit to, 339
  Haifa oil shipments, 211
Peat utilization, 72
Peru, oil indications, 214
Petroleum chemicals, developments, 163
Poland, petroleum industry, 120
Pottery industry, fuel oil in, 327
Production of oil, engineering principles, 193, 237

Refineries, cost accounting, 53
Refining, dawn of, 357
Research laboratories, the Factories Act and, 295
Roadways, economics of, 80
Roumania, British oil companies, 118

Sbernadori's petroleum commercial rules, 281
Scotland, shale mine visited, 232
Specific gravity, mnemonics for, 331
Standard Methods for Testing Petroleum and Its Products, 92
Steel, manufacture, 347
Steel industry:
  fuel oil use in U.S.A., 326
  oil-fired open hearth furnaces, 325, 326
Synthetic lubricants, 243

Tankers:
  U.K. registrations, 14
  world's largest, 324
Tanks, storage, calibration, 356
Thornton Research Centre, 176
Trinidad, Dalley village, 361

Uganda oil search, 174
United Kingdom:
  Anglo-Iranian refining activity, 234
  benzole production, 51
  coal-oil conversion, 51, 90, 184
  contribution to oil industry, 138
  fuel oil price, 118
  gasoline marketing, 353
  Heysham refinery, 118, 211
  Ideal Home Exhibition, petroleum in, 101
  indigenous petroleum products, 211
  locomotives, diesel-electric, 90
  locomotives, oil-burning, 90
  Midlothian coal, 90
  Motor Spirit (Regulation) Act, 263
  oil consumption by agriculture, 14
  oil equipment industry, 303
  peat utilization, 72
  petrol imports from Iran, 14
  petrol used by G.P.O., 210
  Petroleum Board, 51, 184
  petroleum consumption, 113, 329
  petroleum duties, 51, 210
  petroleum imports, 90, 118
  petroleum orders, 267
  petroleum production, 199, 370
  petroleum refining, 370
  petroleum refining, dawn of, 357
  petroleum supplies, 39
  petroleum trade, 48, 275
  plant and material for oil industry, 362
  roadway economics, 80
  Scottish shale mine visited, 232
  tanker registrations, 14
  tankers requisitioned, 51
  tankers laid up, 51
  technical manpower, 336
  Thornton Research Centre, 176
United States:
  fuel oil in steel industry, 326
  future oil supplies, 46
  gasoline marketing, 353
  liquid fuel in economy of, 325
  natural gas industry, 91, 106
  petroleum requirements, 45, 91, 167
  petroleum industry, 188
  petroleum refineries, 183
  petroleum reserves, 106

World:
  fuel and power economy, 166
  largest tankers, 342
  petroleum production and reserves, 138, 215

Young, James, 180, 216, 249, 357
